EXPERIENCE

TEC-DO 2.0 — Guangzhou, China

Visual Design & Advertising Intern — *June – August 2026*

- Designed 300+ social advertising creatives across 10 U.S. influencer accounts, adapting typography, layouts, and product imagery to distinct brand identities and target audiences.
- Applied insights from creative performance and ROI reports to inform design iterations; selected assets generated up to $1,000 in attributed profit, including a 2.53× return on ad spend.
- Worked with the ad boosting team on campaign execution and contributed to team-wide AI-assisted workflows and custom automation initiatives to streamline creative production.

YIJIU ADVERTISING DESIGN CO., LTD. — Guangzhou, China

Graphic Design Intern — *July – August 2025*

- Redesigned a smart waste classification proposal for Guangzhou universities, restructuring information hierarchy and page layouts to communicate technical content more clearly.
- Independently designed wayfinding and signage systems for three 15th National Games venues, translating official visual guidelines into venue-specific color, iconography, and zoning applications.
- Developed signage layouts based on venue floor plans and circulation patterns, preparing production-ready artwork and supporting on-site implementation.
- Created five mascot concepts for Panyu District Fifth People's Hospital, turning the institution's identity into approachable character designs for patient-facing communication.

PROJECTS & ACTIVITIES

EMOJINARY: CROSS-CULTURAL EMOJI TRANSLATION CAMPAIGN — Providence, RI

Independent Project, RISD — *Fall 2025*

- Ran the end-to-end design process, from cross-cultural user research and concept development to UI design and interaction prototyping, exploring differences in emoji interpretation between American and Chinese audiences.
- Designed and built an interactive emoji-translation website, extending the visual identity across posters and merchandise to engage students and faculty in conversations about digital miscommunication.

THE THINGS WE HAVE IN (THE) COMMON(S) EXHIBITION — Providence, RI

Visual Identity & Exhibition Graphic Design — *Spring 2026*

- Collaborated with a 5-person design team to develop the visual identity for a week-long exhibition featuring 60+ student works across five RISD classes, produced within a $200 budget.
- Led typography and typesetting across exhibition graphics, including posters and printed materials, ensuring visual consistency and clear information hierarchy.
- Contributed to spatial planning and on-site installation, arranging diverse student works and refining artwork placement and exhibition labels.

BROWN CHINA SUMMIT (BCS) — Providence, RI

Design Team Member, Brown University — *Fall 2026 – Present*
